

Justin Varuzzo

Hello Neighbor,

I have spent my entire life in Dutchess County, where I have had been blessed with many extraordinary opportunities. My wife Shannon and I chose to purchase our home in Hyde Park because we found an appealing balance in home values, and a wonderful quaint small town feel. We knew it was a place we would be happy starting our lives together, raising a family, and calling home.

My family and I have always been deeply rooted in our community. If you have children that played an instrument and attended St. Peters, Regina Coeli, or other local area private schools, you have likely crossed paths with me or one of my Varuzzo siblings. Music has always been a special part of my life and being able to share the experience with my community has brought immeasurable joy to my life.

Probably like you, after the excitement of being a new homeowner faded, we faced the dread of paying huge property tax bills. Shannon and I asked "Where is all this money going?" Immediately I was compelled to find out and was inspired to become more involved to help make Hyde Park a better place.

For the past three years, I have had the opportunity to serve as a liaison to the Dutchess County Legislature - attending meetings and developing working relationships has been a terrific experience and inspirational call to public service. It has also provided an insight and understanding of the challenges facing Dutchess County.

The passion that has driven me to become involved in music is the same passion driving me to enter public service as a candidate for the Dutchess County Legislature representing Hyde Park. It is the passion to become involved in something that has great meaning in my life.

I couldn't imagine living anywhere else because Hyde Park is quite simply one the best places in the world. I will live and raise a family here the rest of my life, that is why I have a personal interest in helping Hyde Park achieve a bright future.

We are all neighbors, we all face the same challenges, and we all share common interests at a local level.

Hyde Park deserves fresh ideas and we need leadership that forces an open and transparent government, and most importantly, we need teamwork and a clear vision for the future of Hyde Park. I hope I can earn your vote on November 8th to serve you as your next Dutchess County Legislator.

Please call me at (845) 790-0977 with any concerns or suggestions you may have – I'm always eager to listen. Also, feel free to visit my website at www.varuzzo.com.

Sincerely,

Justin Varuzzo
